We received a paper in our mailbox today from you about water testing.(we were told that you people were actually going to come and speak with us) You were at the home next to us yesterday but didn't feel the need to come and speak with us and today you didn't feel the need to speak with us either. We actually use this water unlike the people you have decided need to be given water every day. Unlike these people we actually used the water when it was brown as well since we were told it was fine for us to use but not them.(No one including the EPA would give us water or even tell us how we could obtain it on our own) We are having a water test done on Monday and would like to have the water tested for whatever you think these people have in their water as well. (the EPA did make mention to us that our aquifers are prob. connected) We need to have that information from you now so we are able to have it added to the test. We would like to have this information today! I would also not like you to send out another blanket email that gives these people our email address or any information about us. We were not given the paper that we needed to sign for the EPA to do the water test on our well on Thur. either. We are tired of people asking why we don't drink our water. Would you want to drink it if the home next to yours needs to be provided with water each and every day.? We've also had a past issue with the DEP when they claimed we didn't need to be provided with water but they hadn't read the testing results correctly. We want the water tested by the EPA,Cabot and ,DEP on Thur. I also left you a message on your work number.

Thank you very much,
